

Express Scripts Prescription Drug Benefit University of New Mexico – Effective July 1, 2021

	Retail (30-day supply)	Retail (31- to 90-day supply)	Home Delivery (90-day supply)
Out-of-Pocket Maximum	\$3,000 single / \$6,000 family (All medications apply - accumulated with Medical OOP towards annual max)		
Generic	\$10	\$20	\$20
Brand (Preferred)	25% (\$35 min/\$70 max)	25% (\$87.50 min/\$175 max)	25% (\$87.50 min/\$175 max)
Brand (Nonpreferred) ¹	25% (\$55 min/\$110 max)	25% (\$137.50 min/\$275 max)	25% (\$137.50 min/\$275 max)
Specialty Medications via Accredo Pharmacy ²	20% (\$250 maximum) Once a member has paid \$1,250 in out-of-pocket expenses on specialty medications , specialty copayments will change to \$0 for the remainder of the plan year.		
Diabetic Medications and Supplies	Certain diabetic medications and supplies are covered at \$0 copay. To confirm, please contact Member Services at 800.232.6549.		

¹Product Selection Cost - If you obtain a brand-name drug when a generic equivalent is available, you are responsible for the applicable copayment plus the cost difference between the brand-name drug and the generic drug.

²The University of New Mexico has partnered with SaveonSP to provide a specialty pharmacy copay assistance program for a select group of specialty medications. Upon qualification and enrollment, medications will be reimbursed by the manufacturer and result in no cost to the member. Please reference your University of New Mexico prescription plan handbook for more information.

Saving with Home Delivery

When you get maintenance medications (those prescription drugs you take regularly) at a retail pharmacy, you could be paying more than you need to. Use home delivery from Express Scripts® Pharmacy for medications to treat an ongoing condition (3 months or longer). We will deliver up to a 90-day supply right to you with free standard shipping.

Saving with Generics

FDA-approved generics are as safe and effective as their brand-name counterparts. If you're taking a brand-name drug, talk to your doctor and ask whether a less expensive generic drug could treat your condition. If your doctor agrees, ask your doctor to write a new prescription for the generic that you can fill through your prescription benefit.

Home Delivery... it's quick and easy

Call us and we will contact your doctor to get a new 90-day prescription or have your doctor fax it to us.
