If you are enrolled in PrudentRx, your final out of pocket cost will be \$0. If you opt out of PrudentRx, you will be responsible for the 30% coinsurance. Note: only the amount you pay out of pocket will be reflected in your annual deductible and/or maximum out-of-pocket.

Copayment, copay or coinsurance means the amount a plan participant is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.
