Ineligible Expenses

The IRS does not allow the following expenses to be reimbursed, as they are not prescribed by a physician for a specific ailment.

- Cosmetic surgery/procedures
- Electrolysis
- Marriage or career counseling
- Personal trainers
- Sunscreen (SPF less than 30)
- Swimming lessons
- Insurance premium and interest (FSA plan)
- Long-term care premiums (FSA plan)

FSA funds cannot be used to purchase over-the-counter (OTC) medicines and drugs unless the medicine or drug is prescribed. A “prescription” means a written or electronic order for a medicine or drug that meets the legal requirements of a prescription in the state where the medical expense is incurred and that is issued by an individual who is legally authorized to issue a prescription in that state.

If you have a prescription for an OTC medicine or drug, you can use your Benefit Access VISA® Card for this purchase as long as the prescription is filled by the pharmacist with an Rx number assigned. CHECK WITH YOUR PHARMACIST TO MAKE SURE THEY CAN FILL AN OTC PRESCRIPTION. If your OTC prescription is not filled by a pharmacist, you must pay out-of-pocket and submit a manual claim requesting reimbursement.

The following is a list of example OTC items that clearly are not medicine or drugs but are eligible for purchase with Health Care FSA dollars. You can use your benefits card for these items.

Eligible OTC Expenses

**BABY ELECTROLYTES**
- Pedialyte
- Enfalyte
