MEMORANDUM

TO: All Benefits-Eligible UNM Employees

FROM: Benefits & Employee Wellness

SUBJECT: 2024 – 2025 Plan Year Required Notices for the UNM Medical Plan

As an employer with a self-insured medical plan, UNM is required to inform benefits-eligible employees about certain rights and protections provided under Federal Law. Please carefully review the enclosed notices. For individuals not enrolled in the UNM Medical Plan, all enclosed notices may not be applicable. However, everyone is encouraged to review all notices in order to be informed.

If you have any questions, contact the UNM's Benefits & Employee Wellness at hrbenefits@unm.edu.

AVAILABILITY OF SUMMARY HEALTH INFORMATION

As an employee, the health benefits available to you represent a significant component of your compensation package. They also provide important protection for you and your family in the case of illness or injury.

Your plan offers a series of health coverage options. Choosing a health coverage option is an important decision. To help you make an informed choice, your plan makes available a Summary of Benefits and Coverage (SBC), which summarizes important information about any health coverage option in a standard format, to help you compare options.

The SBC is available on the UNM HR website at: <https://hr.unm.edu>. A paper copy is also available free of charge, by emailing Benefits & Employee Wellness at hrbenefits@unm.edu.

HIPAA SPECIAL ENROLLMENT EVENTS

Under the provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), there are special events that may allow you to add health insurance coverage if you did not elect health insurance coverage for yourself and/or your dependents during your initial eligibility period or during Open Enrollment:

Loss of Other Coverage - If you are declining enrollment for yourself and/or your dependents (including your spouse) because of other health insurance coverage or group health plan coverage, you may be able to enroll yourself and/or your dependents if you or your dependents lose eligibility for that other coverage or if the employer stops contributing towards your or your dependent's coverage. To be eligible for this special enrollment opportunity, you must request enrollment **within 60 calendar days** after your other coverage ends or after the employer stops contributing towards the other coverage.

New Dependent as a Result of Marriage, Birth, Adoption or Placement for Adoption - If you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and/or your dependent(s). To be eligible for this special enrollment opportunity you must request enrollment **within 60 calendar days** after the marriage, birth, adoption or placement for adoption.

To request special enrollment or obtain more information, contact Benefits & Employee Wellness at hrbenefits@unm.edu.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2024. Contact your State for more information on eligibility –

WOMEN'S HEALTH & CANCER RIGHTS ACT of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prosthesis;
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Please review your UNM Medical Plan Third Party Administrator's Summary of Benefits and Participant Benefit Booklet for applicable deductibles and coinsurance, available at <https://hr.unm.edu/>.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT of 1996

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

NOTICE ABOUT MEDICARE RULES FOR CREDITABLE PRESCRIPTION DRUG COVERAGE

Please read this notice carefully and keep it where you can find it. **If you are eligible for Medicare**, this notice has information about your current prescription drug coverage with the University of New Mexico (UNM) and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. UNM has determined that the prescription drug coverage offered by the CVS Caremark Pharmacy Benefit Management Program is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current CVS Caremark® coverage will not be affected. However, your Medicare Drug Plan does not coordinate with your CVS Caremark® coverage. If you decide to cancel your CVS Caremark® coverage through UNM, you must do so within 60 calendar days from the effective date of your Medicare Drug coverage and you will also be required to cancel your UNM medical coverage.

If you are an **active employee and** decide to cancel your current UNM coverage because you enroll in a Medicare Drug Plan, be aware that you and your dependents will only be able to enroll during an Open Enrollment period or if you experience a Qualifying Change of Status Event. If you are a **UNM Retiree** and cancel your UNM coverage, you will not be able to reenroll.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the University of New Mexico and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage

Contact the person listed below for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through the University of New Mexico changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
