

PIPP Designation

I understand enrollment in the University's Pre-Tax Insurance Premium Plan (PIPP) is automatic if I enroll in a health, dental and/or vision insurance plan. The University will deduct from my salary each pay period the amount necessary to make contributions towards payment of premiums for the health, dental and/or vision insurance plans in which I am enrolled before taxes are calculated.

This decision will remain in effect unless changed in accordance with the Plan. During the Plan year, you CANNOT change your PIPP election UNLESS you have a qualifying change in family status. Because of the necessity of safeguarding the pre-tax payments of premiums for all persons enrolled in the Plan, these rules shall be observed.

() NO, I decline the opportunity to enroll in the University's Pre-Tax Insurance Premium Plan (PIPP). However, I understand I may enroll during the next PIPP open enrollment period if I choose to change.

Signature: _____ Date: _____
