Leadership = Management
The key to successful leadership today is influence, not authority.

Leadership is not a position or a title, it is action and example.

TIPS FOR TALKING WITH YOUR MANAGER ABOUT ULEAD

- SCHEDULE TIME to sit down and talk – don’t make it a hallway conversation!
- EXPLAIN that you’ve been considering your professional development options
- USE the summary on the reverse and the session list to describe the program to your manager
- EXPLAIN that managers of participants will have coaching & support available to help maximize the benefit of the program
- SHARE why you think this is right for you at this time
- DISCUSS whether he/she has any objections to you participating
- HEAD TO Learning Central and get started!
ULead Commitment Summary

It’s essential that both participants and their managers understand what participating in a ULead program requires. Both participant and manager have a role in making participation successful. Participants commit to:

- Actively participating in every classroom session: 8:00 – 5:00 pm on 8 consecutive Tuesdays

- Completing a team project requiring time in and outside of the classroom

* A manager support program will be available via Skype to help managers support their participant and maximize the program’s value. Participation is strongly encouraged.*
